

Conferencing camera support tray

for use with e-Box® Mobile stand or Wall mount

Product datasheet

Conferencing camera support tray for e-Box® Mobile stand or e-Box® Wall mount

The accessory can be used on the e-Box® double column design Mobile stand and on the e-Box® Wall mount equipped with the anti-collision feature.

The conferencing camera support tray can be mounted centered under the touch panel and has a 12" (305 mm) height adjustment for different size panels. USB connection wiring can be fed through the height adjustable column into the VESA box where a mini-PC, a thin client PC or NUC can be placed. The tray has mounting slots for camera fixation points.
